

NWCSL Promotion & Relegation at end of 2011/12 Season

There have been a few question over how many teams will be relegated from the various divisions, since unfortunately, the lines on the majority of the league table are missing. Assuming status quo:

Division 1	2 teams may be relegated (only 11 teams in Division)
Division 2	3 teams may be relegated from each section
Division 3	3 teams may be relegated from each section
Division 4	2 teams may be relegated from each section

Promotion is in accordance with rule 1.2
